SPECIAL NOTES

Livestock Exposition Junior Classic Animal Shows

Per California State Rules, all animals entered in the Classic Show must be owned by the exhibitor for 30 consecutive days prior to the show. Any animals that have been sold through a junior livestock auction at a California fair are not eligible to be shown in the Classic Show. Animals entered in the Classic Show may not be entered in any other show (ie they may not be entered in a grade or registered breeding division).

Livestock Exposition Junior Uniform Requirements

The Junior Livestock Exposition is an open junior show. Exhibitors shall wear jeans (no distressed, stonewashed, rips, tears or excessively worn jeans or shorts) or slacks and shirt/blouse with a collar (i.e. polo type or button down, no tank tops or t-shirts) in the show ring. Whites are also acceptable. 4-H or FFA Uniforms are not allowed unless specifically allowed within department rules.

Stalling/Penning

If you wish to be penned/stalled with another exhibitor, a Stall Request Form **MUST** be filled out and returned to us. **NOTES PUT IN THE ONLINE ENTRY SYSTEM WILL NOT PRINT OUT ON OUR STALLING REPORTS.**

Still Exhibits

This year's show will offer an expanded still exhibit department for both junior and open exhibitors.

Bedding

Either shavings or straw may be used. **NO FREE BEDDING WILL BE PROVIDED THIS YEAR.** There will be a vendor onsite. Please check our website closer to the show for hours and details on the availability of pre orders.

Entries

All entries must be completed online. The online entry link will be posted on our website at www.grandnationalrodeo.com. The entry link will be live on or around September 1. Upon completion of entries, exhibitors must print out and submit the online entry release form to the Cow Palace via mail or fax. **Do not submit copies of your online entry confirmation with your exhibitor information sheets. Keep the copy for your records and as proof of entry.**

Junior exhibitors may enter in the open show, if offered, as long as the same animals are also entered in the junior show under the exhibitor's name. Failure to enter and show in the junior show will cause the junior to be disqualified from the open show. This only applies to animals and not still exhibits.

Late Entries

Entries will close at midnight on Friday, October 2. The late entry period will run from 12:01 am on Saturday, October 3 and close at 11:59 pm on Friday, October 10. The Grand National Livestock Exposition receives premium support from the American Angus Association for the Junior Angus Show. AAA rules require that all animals be shown by their owner. Any animals not shown by the owner/exhibitor will be disqualified.

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered in individual classes for junior Angus heifers, bred and owned heifers, bred and owned bulls, cow/calf pairs and registered Angus steers as included in its standard show classifications, according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of fifteen (15) head must be shown in the junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class. Only bred and owned bulls may be counted in the numbers report for premium participation. To be eligible for Association premiums the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association. Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show. Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in. Only one person at a time shall lead an animal into the show ring. *Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.* Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

3. All animals must be registered as the property of the exhibitor in the records of the ASA at the time of the Fair or Show.

8. Junior exhibitors may enter in the open show as long as the same animals are also entered in the junior show under the exhibitor's name. Failure to enter animals in the junior show will cause the entries in the open show to be disqualified.

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not

pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head). Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be reidentified (tattooed/branded) and rechecked at the show. Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in. Only one person at a time shall lead an animal into the show ring. *Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.* Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), with the exception of false tail

The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.
